## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-45 are allowed.

The following is an examiner's statement of reasons for allowance: As to claims 1,3,12,14,18,19,20,25,33,41 and 45, the prior art does not teach a keypad at the vehicle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US PAT 5,917,405 to Joao teaches a method of disabling equipment but does not teach a keypad at the vehicle, while there are references with such a characteristic, to combine would destroy the Joao reference as the keypad is shown to be necessarily at the control station and not at the vehicle.
